# Vincent's Hometown

**The masterpieces of Vincent van Gogh (1853-1890) are scattered throughout the world. But their roots lie in Brabant. Vincent van Gogh was born and raised in this southern province of the Netherlands. He created his first masterpiece The potato eaters in Brabant. It is where he developed his love for the farmland, the countryside and the simplistic lifestyle. Whether he was working in Antwerp, Paris, Arles, Saint-Rémy or Auvers-sur-Oise, this passion was a common feature throughout his career as an artist.**
